ABOUT ME

I am a Software Engineer who loves to solve problems and is also curious and inquisitive about knowing more about problems and solving issues. I am a team player. I work under low or no supervision. I hate to be monitored while working but I deliver and do what I need to do at the right time.

I am a leader as well as a servant to my team. I have listening ear. I listen before I act. I am investigative in nature.

HOBBIES AND INTER- ESTS

SINGING

I love singing a lot as it takes out stress and it makes me think and takes me to a sober level of things
